Ahmedabad, 380055, India | aman0074ssj@gmail.com | 7405315414 | LinkedIn

PROFILE

I'm a Lead Unity Developer with over eight years of hands-on experience creating polished, multiplayer, and cross-platform games. Unity is where I do most of my work, but I'm also comfortable in Unreal Engine, having built and shipped functional demos for high-end hardware like Apple Vision Pro and Meta Quest.

I lead the full development cycle from concept to release. As a Team Lead, I mentor junior developers, set up efficient workflows, and keep projects on schedule. On the operations side, I manage the company's Apple App Store and Google Play developer profiles, making sure submissions, updates, and releases go smoothly.

My real focus is on multiplayer architecture — building reliable, real-time systems using tools like Photon, Mirror, and Fish Networking. Whether it's a casual title like *8-Ball Pool* or a large-scale Ludo experience, I'm driven by the challenge of making games that connect people seamlessly across platforms.

PROFESSIONAL EXPERIENCE

Team Lead Manager / Senior Unity Game Developer, **Aug 2024 — Dec 2025**

IndiaNIC Infotech Limited

Ahmedabad

- Leading a cross-functional team developing cutting-edge AR/VR and multiplayer Unity projects.
- Successfully Delivering innovative prototypes and guiding junior developers.
- AR/VR Development: Created multiple demos for Apple Vision Pro and Meta Quest, showcasing advanced interactions and design-to-deployment workflows.
- Game Development: Built 8-Ball Pool Multiplayer with Al, Online, and Offline modes. Developed Ludo Multiplayer, Indian Ludo, and Chess 2D, implementing smart Al logic and real-time game play.
  Integrated Firebase, Ad Mob, Apple/Google Sign-In, and other SDK.
- Mentored juniors on clean coding, design patterns and scalable architecture.
- Adopted Al-assisted tools (Chat GPT, Windsurf, Cursor) to improve productivity and accelerate debugging
- Contributed to cross-platform planning, backend collaboration, and AR/VR strategy for upcoming projects.

Project Manager / Senior Unity Game Developer, Artoon **Jul 2020 — Jul 2024**

Solutions Pvt Ltd

Ahmedabad

- Managed end-to-end project life cycles, task delegation, client communication, and KPI evaluations.
- Oversaw 15-member development team, ensuring timely delivery and code quality.
- Acted as bridge between management, clients, and development teams for planning and reporting.
- Conducted pre-sales activities, requirement analysis, and technology stack suggestions.
- Mentored developers in Unity best practices, bug resolution, and code review.
- Key projects: Sweep It Poker (Gala Games), Hill Racing Multiplayer (MPL), Home Makeover - GameszWin, Pool Multiplayer - A23 & Dangal Games.
- Skills Applied: Resource Management, IT Operations, People Management.

Junior Unity 3D Developer, Escrow Infotech **Jun 2018 — May 2020**

Ahmedabad

- Designed and implemented game Ul, menus, camera systems, and core game play logic.
- Conducted plugin integration and research for system optimizations.
- Collaborated on multiple titles such as Kite Fly, Indian Train Simulator, Sniper Bottle Shooting, and Blood Rivals
